Sir:

SUPPLEMENTAL AMENDMENT

Please amend the above-identified application as follows.

IN THE CLAIMS:

Please cancel without prejudice claims 1 and 5-55.

Please add the following new claims:

56. A method for treating an obstructed biological conduit or a conduit susceptible to obstruction selected from an artery or a vein, comprising:
administering to the biological conduit an agent that degrades extracellular matrix of the biological conduit,
wherein administration of the agent selected from the group consisting of one or more collagenases and one or more elastases results in proteolysis of elastin and/or elastin microfibrils in the biological conduit leading to enlargement of the diameter of the lumen of the biological conduit.

2
57. The method of claim 56 wherein elastase is administered.
